WhatsApp: +7 (707) 329-6564   Astana, 010000
mail: gad4red@gmail.com

Web developer with expertise in front-end technologies and a passion for creating engaging user experiences. Seeking a challenging role in a company where I can contribute my skills and learn from an experienced team.

SKILLS

-HTML5, CSS3: BEM methodology, SASS/LESS preprocessors, responsive design techniques for cross-browser compatibility and pixel-perfect layouts.

- JavaScript/TypeScript:

   Angular(9+): (RxJS, NgRx) – the main framework now, the total commercial experience is 2 yr. 8 mo. Unit testing(Jest).

   React: (Redux) – five months of commercial experience.

   Vue.js: - used as a liblrary, didn't dive deep.

   jQuery: Solid experience in utilizing jQuery for various web projects early in my career.

- Tools: Proficient in using Visual Studio, Git, gulp, Docker, ajax, Firebase, webpack...

- Collaboration: Familiar with project management tools like JIRA and Confluence for effective team collaboration.

- Design Tools: Comfortable using Photoshop, Figma, and Avocode for design-related tasks.

- Self-Directed Learning: node js - processing requests to the server, webSocket connection; PHP – authorization(RedBeanPHP), simple CRUD operations with SQL.

- Deploying: familiar with AWS (Elastic Beans), Firebase hosting.

- English Language: Upper Intermediate, continuously improving English language skills to effectively communicate and collaborate with international teams.
